Dear Mr. Hubbell:

SUBJECT: Draft Permit for Williamsburg Receiving and Storage, Inc.
Whitewater Township, Grand Traverse County

Enclosed is a preliminary draft of a permit prepared under the provisions of Section 3113 of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, as amended, for the disposal of treated municipal wastewater from the Williamsburg Receiving and Storage, Inc., wastewater disposal facility.

It is the Michigan Department of Environmental Quality's policy that we send you and other interested parties a copy of the draft permit so that you have an opportunity to review it before it is issued in its final form. Permits are prepared that reduce monitoring, where possible, while establishing frequency and parameters which will assure environmental protection. You are welcome to make suggestions regarding the monitoring program or other conditions of the proposed permit. Comments must be received by March 21, 2001.

You will be notified when the permit is issued and will be mailed a copy for your records.

Sincerely,

Thomas J. Weston, P.E.
